

Questions and Responses

1. Is a Learning Continuum similar to Learning Progressions?

Yes

2. How do I get into the digital library?

Last year, each district was asked to establish a Digital Library Coordinator. If you are not sure who yours is, you can email Nancy (nthomasprice@sde.idaho.gov). There is a spreadsheet in the registration system that they will fill out with First, Last and Email address of each teacher, and then upload that spreadsheet. Teachers can also be added manually. There is a user guide in the registration system (art.smarterbalanced.org) that goes into greater detail.
